**PASSENGERS THIS SECTION WILL BE SEATED IN AREA "E"  
(AT THE MAST)**

This is a wonderful spot to sit on the boat. Because you are seated at the center of the boat the motion is smooth in this location and hence spectacular for all ages.

Please find one of the 7 seating sections that most closely accommodates your group size. While we can and often do take fewer passengers in each section, we cannot accommodate more than the number shown for each section. Please contact the crew for full refund if you feel that you are not being protected as our protocol requires.

(THE FOREDECK)**

This area is the where everyone eventually wants to be. Nothing but water and waves ahead of you. This section of the boat can hold a fair amount of people but be warned, if any section of the boat is going to get splashed, it's here. This section is ideal for experienced sailors and those with an adventurous spirit.

Also known as "the cocktail lounge." This is the spot for a smooth ride with views of the entire boat. For groups up to 6 this is where our larger parties can all be together while maintaining our social distancing program. This area is ideal for guests of all ages.

This is another great spot on the boat under ideal conditions, but this is typically the leeward side of the boat and hence not very comfortable in high winds. The crew will be letting passengers know if this section is open for your sail.

**PASSENGERS THIS SECTION WILL BE SEATED IN AREA "A"  
(STARBOARD AFT CABIN TOP)**

This area is one of the smoothest rides on the boat. While it is the lee ward side for much of the trip it is just aft of center which makes the heeling motion less pronounced and the ride much smoother. This area is excellent for passengers of all ages.

**PASSENGERS THIS SECTION WILL BE SEATED IN AREA "F"  
(PORT MAIN CABIN TOP)**

This what many consider the best seat in the house. The high side and right in the middle of the boat. You may be asked to move to the starboard side of the boat while underway if you are seated in this location. Because you may have to move while sailing this location is best for passengers with some sailing experience, infants and those who are less mobile are better suited to other seating areas on the boat.

(PORT AFT CABIN TOP)**

This spot is right next the captain and all the action in the cockpit. Since it's on the high side and aft of center this location is actually the smoothest ride and least likely to get wet. Easy motion makes this area best for infants and those with limited mobility.
